

1. This took me between 1.5 and 2 hours to complete.
2. I used your lectures, and some assistance from ChatGPT.
3. I did not ask a friend for help.
4. I did not need to ask an instructor for help
- 5a. The first question was mostly easy enough, although I did struggle with figuring out how to properly transfer the money between accounts.
 - b. The second question was also simple enough, though I struggled to figure out on my own how to add a leading zero to the months and days.
 - c. The final question didn't require me to seek help at all, and I was able to figure it out based on the other 2 questions, and my notes.

```
